

THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

NIC #0059-83
4 January 1983

NOTE FOR: C/NIC

VIA : NIO/GPF *EB*

FROM :
A/NIO/GPF

SUBJECT : NIE Briefing

A symposium on Prospective Threats to US Naval Strategy will take place 31 January -- 1 February at Newport hosted by the Center for Naval Warfare Studies. About 50 Secret-cleared consultants/contractors will be in attendance. The DNI plans to brief the key judgments and include some graphics.

I see no problem with DNI's plan and have so advised my ONI contact.
